

A Social Mission to Fulfill

Education Should Be Every Child's Privilege

Our Social Cause

While our personal and professional history includes leading in many contexts, our most gratifying leadership roles are in the social cause we gladly “attach” to this book project. With our deepest appreciation, we invite you to participate.

Our Motivating Belief: “*Education Should Be Every Child's Privilege*”

Sadly, various societal barriers in Nepal simply make school impossible for many children. Through founding a fund-development engine called **Helpers 4 Learners**, together with like-minded individuals like you (“Helpers”), we address the barriers and ***make school possible*** for children of the poor. Through partnerships with a registered Canadian charity (International Messengers Society Canada) and a registered NGO in Kathmandu, Nepal (Sundar Dhoka Saathi Sewa), learning-motivated but needy children (“Learners”) are enrolled, supported, and personally mentored in their schooling.

Please visit the [Helpers 4 Learners](#) website.

How Your Purchase of This Book Helps

100% of net author royalties of this book project go directly to the cause we’ve co-founded and now serve. With the purchase of this book, we hope you experience both a practical and insightful read, and also enjoy a sense of satisfaction knowing that you have supported a worthy cause – school deprived children in Nepal.

You can help even more by spreading the word about how this book makes a difference for both leaders and needy children.

With our sincere thanks . . . Bruce & Verna.
